

EOL Announcement

Legacy Product Line: Eaton 9130 Tower

EOL Date: January 17th, 2019

New Product Line: Eaton 9SX

Regions: Americas

Eaton is announcing the EOL of the Eaton 9130 tower effective January 17th, 2019. The Eaton 9SX, launched October 15th, is set to be a form, fit, function replacement, while upgrading components and communication protocols necessary to keep up with our supply chain and customer needs.

Eaton understands that the Eaton 9130 tower is used in unique applications and is committed to working with our partners through this transition. Please work with your local Eaton representative to finalize the transition to the 9SX.
