

## Eaton FERRUPS UPS end-of-life announcement

Effective October 31, 2019

Eaton is announcing end-of-life (EOL) status for the following Eaton FERRUPS Floor Saver models (FL, FM and FN models). The current FERRUPS product line will be refreshed by the Eaton FX UPS series in 2020.

Beginning November 1, 2019, the above-mentioned FERRUPS models will no longer be available for purchase. Due to the limited supply of components for these products, last time bulk purchases will not be offered during this period. Projects where these models are currently being quoted, beyond the EOL date, should be re-specified to a non-end of life product. If this is not possible please reach out to Eaton for assistance.

We appreciate your support as we transition all our customers.
