Eaton UPS End of Service Life (EOL) Master Table

Revision 3/31/2023 Changes are highlighted in yellow

EOL Phases: start date begins January 1st of year listed in table. Future dates listed in table are target dates based on current market conditions & subject to change. For U.S. based channel partner & end-customer reference.
Active - Full Support: all parts and labor coverage services available
Mature - Best Efforts: limited parts and or parts may not be available; product replacement recommended; full parts and labor coverage available on a best efforts basis.
Retired No Contract Coverage: parts and labor coverage no longer available; time and material services are available; preventive and battery services may be available; replace product
End of Service Life - Obsolete: no service or parts available; replace product; no support available

Note: any modifications or customizations from standard configurations will be handled on a best efforts basis.

Footnotes:

FERRUPS MODEL_IDs:

Gen 1: any serial number with 5 digits on the end and is less than 25000 for example FE12.5K00222.

Gen (2) 3.1K and below: any serial number with (5 digits on the end), (the middle digits are 3.1K, 2.1K, 1.8K, 1.4K, 1.15K, 850V, 750V, or 500V), and (those 5 digits are greater than 25000).

Examples: FE3.1K25022, FE2.1K25001, FE1.8K25031, FE1.4K25012, FE1.15K25010, FE850V25007, FE700V25003, FE500V25002

Gen (2) 4.3K and above: any serial number with (5 digits on the end), (the middle digits are 4.3K, 5.3K, 7K, 10K, 12K, 18K), and (those 5 digits are greater than 25000).

Examples: FE4.3K25181, FE5.3K25490, FE7K25001, FE10K25191, FE12.5K25003, FE18K25008

Gen (2) 3.1K and below: is also any serial number that has the new serial number style for example BF045FN012 or EA281FN041 which digits 6 and 7 are FA, FB, FC, FD, FE, FF, FG, and FH.

Gen (2) 4.3K and above: is also any serial number that has the new serial number style for example BF045FN012 or EA281FN041 which digits 6 and 7 are FI, FJ, FK, FL, FM, and FN.

Axioms: serials that begin C650

9170: have serial numbers that begin C651

9170+: have serial numbers that begin C660, C661 or normal Eaton spec like "BL414T0005"
