

Eaton Type 2 Surge Products

Service Entrance Surge Protection

Mike Holmes
signature edition

"I protect all my home electronics from damaging surges by installing Eaton's Complete Home Surge Protection."

- Mike Holmes

EATON

Powering Business Worldwide

Eaton's Type 2 Complete Home Surge Protection (CHSP) products are UL® 1449 3rd Edition Listed and provide the highest level of surge protection and safety.

Type 2 surge products are permanently connected devices that are installed on the load side of the service entrance overcurrent protective device.

Eaton's Surge Protective Devices (SPD):

- Include the industry's most complete line of products
- Provide superior protection for sensitive electronics
- Carry comprehensive warranty coverage

Choose From:

- Factory mounted designs
- Field installed options
- Universal products available to be mounted to any manufacturer's loadcenter
- Mounting accessories

Additional Protection:

Electrical surges can travel on your electrical, telephone and cable lines, and through your electronic equipment causing damage. CHSP Type 2 product line includes:

- Telephone and Cable SPDs

Surge Protection at the Service Entrance Panel
