

Extend replacement clutch life and receive an additional year of clutch warranty coverage.*

Receive an additional year of warranty coverage on an EverTough® clutch with the use of a Genuine Eaton Clutch Installation Kit. Replace all the right parts with genuine parts at the same time.

When the transmission is pulled to replace the clutch, replacing the clutch-related wear components at the same time can save you the cost of having to pull the transmission again.

An Eaton Clutch Installation Kit has all the parts and instructions you need for longer clutch life, smoother shifts and less wear on your transmission.

Features

- Input shaft design engineered to eliminate idle gear rattle.
- Shift tower & clutch housing gaskets – includes beaded surface to eliminate leak paths. The clutch housing gasket is compatible with both Fuller's patented "Forced Lube" system and standard configuration transmissions.
- Includes front bearing cover engineered for smoother clutch brake surface with oil return grooves on the input shaft for maximum lube retention.
- Many kits contain long life flywheel pilot bearing with high temperature grease and Viton™ seals to resist the temperatures of today's hotter running engines.

- Some kits include the cross shaft bushings for improved throw-out bearing life, smoother shifting, easier operation and protection against costly clutch housing repairs or replacements.
- More parts for the money priced well below the sum of the components.
- Each kit contains genuine Eaton components to make your clutch replacement a complete job.

Most kits include the clutch release fork for standard or hydraulic clutch release.

Replace with only genuine Eaton parts for performance, durability and warranty assurance.

- Eliminate cross-reference mistakes and get the right part the first time, every time.
- Maintain your warranty with genuine components.
- Choose Eaton, and get legendary Roadranger® support for More Time On The Road.

Eaton EverTough® Clutch
+ Eaton Clutch Installation Kit

= Additional 1-Year Clutch Warranty
