

ValueClutch™ Heavy-Duty Clutches

The Right Clutch for Every Truck.

ValueClutch Heavy-Duty Clutches... dependable service for older generation vehicles ...includes a country-wide warranty.

For Classes 6, 7, and 8.

Now you can invest in a durable, genuine Eaton clutch at about the same price as a non-genuine clutch. The ValueClutch line is designed and manufactured for older generation vehicles that don't require the advanced design features of Eaton's new and remanufactured Fuller clutch product lines.

You can choose from 10 clutch part numbers ranging from 1000 to 1650 ft.-lbs. of torque.

ValueClutch Features and Benefits:

- Cost Competitive
- No Core Needed or Required
- No Core Charge
- Constant Plate Load
- Maximum Cover Ventilation
- Isolated Pressure Springs
- Internal Adjustment
- Super Duty Version
- National Warranty

Known for its commitment to quality and durability, the ValueClutch is manufactured by the same company that designed, patented and produced the original Angle Spring for over 20 years; who better to manufacture than the original company? Dependable Eaton quality and support at an affordable price. The ValueClutch is available on the Factory Direct Ship Program and the PDC Program.

ValueClutch Part Numbers
