

Snaptight™ Form 7 Covers

IF1249

Installation & Maintenance Instructions

Application:

Snaptight Form 7 Covers with integral sealing gaskets are designed for use with Form 7 Condulet® Outlet Bodies to provide a UL/CSA raintight seal for wet locations.

Installation of the cover does not require the use of tools.

Installation:

Installation of the Snaptight Form 7 Cover is quick and easy. Place the clip located under the raised rivet inside the body cover opening as you would a Form 7 wedgenut cover.

Place the other clip against the opposite edge of the body cover opening.

"SNAP" the cover into place by pressing on the cover with the palm of your hand.

Removal:

Grasp the raised rivet firmly with a pair of channellocks or pliers and pull.

Reuse:

Snaptight form 7 Covers may be reused after the cover has been removed from the body.
