**Product Change Notification PCN\_BUR\_00201**

Subject: new screws for our Eaton's Bussmann series Insulated Metal Gripping Lugs NH fuse links

Dear customer

We would like to inform you of a design change to the body screws used on some of its IMGL (Insulated Metal Gripping Lug) Eaton's Bussmann series NH fuses in size NH1 and NH02. The passivation/plating colour of the body screws of the affected fuses will now be white, see images below.

You will find the list of parts affected by this change, see pages 2 and 3.

Please be reassured that this change will not impact the quality and performance of our products.

If you would like further information on this change, please contact the undersigned or your local sales representative.

Yours sincerely,

Amar Ratanshi  
Product Manager  
Bussmann series fuses, Industrial Control & Protection Division  
amarratanshi@eaton.com
