

The easiest and fastest way to select and specify the right fuse

Stimulate counter sales with product merchandisers

MKE
Product sold separately

MKE-3
Product sold separately

With a merchandise display in your counter area, you establish yourself as *the* destination for Edison™ fuses in your local market.

Each merchandiser may either be purchased empty or made available for FREE with a stocking order that includes the recommended assortment.

You may also contact your local Edison product representative for a suggested equivalent stocking order that best suits your market needs.

To help customers easily find Edison fuses, the merchandisers come with a convenient header that includes a cross reference guide. Each tilt bin can be easily tailored to meet your needs by updating with an Avery label (template 5167) to match the bin contents.

Ships with new header that includes a cross reference chart

Circuit protection solutions

Fuse class/type	Description	Volts	Edison™	Equivalent	Manufacturer's catalog number	Line/volts	Feet/inch	Element	Notes	Agency
