**Product Change Notification PCN\_BUR\_00180**

**Subject: Eaton's Bussmann series FWP-60B change of designation to FWP-60D**

Dear Customer,

As a result of discussions with Underwriters Laboratory (UL) it has become necessary to amend the designation of the Eaton's Bussmann series FWP-60B fuse links with a suffix D (FWP-60D). As this forms the top level of a homogeneous series, the below ratings will also be replaced with a suffix D.

<b>Old catalogue number</b>	<b>New catalogue number</b>
FWP-35B	FWP-35D
FWP-40B	FWP-40D
FWP-50B	FWP-50D
FWP-60B	FWP-60D

This change will be implemented on fuse links produced in Sept 2021 and all orders will subsequently be converted to catalogue number ending with suffix -D.

Catalogues will be updated to reflect the changes described above.

If you have any queries or require any additional technical support on this change, please contact our field application engineers at [bulehighspeedtechnical@eaton.com](mailto:bulehighspeedtechnical@eaton.com).

Yours sincerely,

Ryan Patterson
