Covering the widest range of applications in the industry

Power Defense™ molded case circuit breakers

- UL®, CSA®, CE, CCC
- Thermal-magnetic and electronic trip units
- Power Xpert® Release (PXR) trip units available with integrated current metering, communications and breaker health diagnostics
- Field-installable accessories
- Motor circuit protectors
- Molded case switches

Series C® molded case circuit breakers

- Applications: assemblies, EOEMs, industrial MROs
- Thermal-magnetic and electronic trip units
- Full line of accessories
- Motor circuit protectors
- Molded case switches

Series G® molded case circuit breakers

- Applications: machinery OEMs
- UL, CSA, CE, KEMA-KEUR
- Global acceptance
- Thermal-magnetic and electronic trip units
- Ease of accessory installation
- Reduced panel space

Navy breakers

- UL supplement, SA and SB
- MIL specs: MIL-C-17588 and MIL-C-17361
- Shock-resistant molded case
- Vibration and electromagnetic interference (EMI) qualified
- Interchangeable trip units

Engine generator breakers

- UL listed
- IEC rated with third-party KEMA-KEUR
- Switchgear and switchboard class
- Global shipping approvals
- New high withstand and current-limiting ratings

Mining breakers

- Applications: underground mining
- Incorporates rigid specifications and testing procedures for the harsh mine environment
- Thorough in-plant testing ensures quality, dependability and reliability
- Up to 1000 Vac
- Easy and uncomplicated field testing
