September 23, 2005
To: C Fuse Customers
Subject: **C Fuse END of LIFE NOTICE**

Due to the low C fuse market demand and manufacturing site consolidations, the Cooper Bussmann C ¼” ferrule fuse Series is at its end of life as a product offering.

The two recommended alternatives are the:
AGC fast-acting glass ferrule fuse Series
ABC fast-acting ceramic ferrule fuse Series.

Both have a ¼” x 1 ¼” footprint and offer equivalent voltage ratings. However, they don’t offer the keyed end cap construction of the C series.

The AGC and ABC Series data sheets are on our website (www.cooperbussmann.com).
