September 23, 2005  
To: GJV Fuse Customers  
Subject: **GJV Fuse END of LIFE NOTICE**

Due to the low MSV fuse market demand, manufacturing site consolidations and the evolution of the equivalent AGC-V Series, the Cooper Bussmann GJV ¼" ferrule fuse Series is at its end of life as a product offering.

The AGC-V ¼" fast-acting glass fuse Series (with axial leads) has voltage ratings that meet those of the GJV and is the recommended replacement. The AGC-V Series data sheet is on our website ([www.cooperbussmann.com](http://www.cooperbussmann.com)).
