**Date: April 24, 2013**

**To: Barrier Strip Connector Customers**

**Subject: End of Life – Select Configurations and Options**

Cooper Bussmann is discontinuing select barrier strip configurations and options. The items to be discontinued are certain terminal offerings, base configurations or options that are specific within a product series. Below is a list of the discontinued options within each series.

A detailed excel file of the specific discontinued SKUs and suggested replacement constructions (if available) can be found at this [link](#). Suggested constructions will not be drop-in replacements. Please validate the replacement prior to ordering in volume.
