Date: September 1, 2009
Subject: Manufacturing Location Change
To: Chip™ and SR-5/SR-5F/SR-5H Fuse Customers

Cooper Bussmann will be changing the manufacturing location for Chip™ fuses and SR-5 radial fuses. A complete list of affected part numbers is attached.

During the second half of 2009, Cooper Bussmann will transition production of these fuses from our Heqing, China facility to our Dongguan Cooper Electronics (DCE) facility in Dongguan, China.

Existing manufacturing location

Cooper Electronics Technologies (Shanghai) Co., Ltd
955 Shengli Road, Heqing Pudong, Shanghai, China 201201

New manufacturing location

Dongguan Cooper Electronics Co., Ltd
Xinmin Industrial Estate, Chang'an Town,
Dongguan City, Guangdong Province, China, 523879

Full capacity is expected to be online in our Dongguan Cooper Electronics facility on January 1, 2010.

This change in manufacturing location will not impact form, fit or function. All Cooper Bussmann fuses, regardless of manufacturing location, meet the agency specifications listed on the data sheets. We will continue to ship product made in Heqing until all inventory is depleted.

Please note for the Canadian applications we are replacing the  certification mark with  or  certification marks.

Thank you for your business and cooperation during this transition.

Steve Dawson
Senior Product Manager, Circuit Protection
