USA

We, Eaton Corporation, provide this Manufacturer Declaration about so-called Substances-Of-Very-High-Concern (obligation of notification according to article 33 of the REACH-Regulation EC1907/2006):

According to the European Chemical Agency (ECHA), there are 197 substances on the Candidate List last updated on January 15, 2019, which is part of the EU-REACH-Regulation EC1907/2006. Eaton has established processes to identify whether Substances of Very High Concern are contained in our products and we are actively working with our suppliers concerning this matter, consistent with Eaton's commitment to our customers.

Our efforts remain in progress as suppliers respond with more relevant and complete information. At this time, we would like to inform you that of the currently listed 197 SVHCs, only those few listed as follows might be contained in the Eaton Products subsequently listed, however the verification process via suppliers and/or testing continues.

- *Cables & other forms of insulated wiring might contain:*  
*Bis-(2-ethylhexyl)phthalate (DEHP) – CAS: 117-81-7.*
- *Resistors and/or capacitors might contain:*  
*Diborontrioxide (B2O3) – CAS: 1303-86-2 and/or Lead mono oxide (PbO) – CAS: 1317-36-8.*
- *Polycarbonate and/or epoxy-resin materials might contain:*  
*4,4'-isopropylidenediphenol (Bisphenol A; BPA) – CAS: 80-05-7.*
- *Might contain: Lead (Pb) – CAS: 7439-92-1, as an alloying element in steel and aluminum for machining purposes, in galvanized steel components and in copper alloys.*

This declaration is based on information available to us and refers to the products listed below at the date of issue. As suppliers provide more information, and if necessary, we will provide an updated declaration. We make no express or implied representations or warranties with respect to the information contained herein.
