

# Marina Power and Lighting Newport Harbor Mate

## Install receptacles for supplemental power and communication

The Newport Harbor Mate is the solution for overcrowded, high-traffic or narrow docks. This compact, economical device provides multiple receptacles and modular mounting options that meet your marina's needs. It integrates with a standard triangle dock box or mounts to a piling stand, functioning as a mini-power source to vessels up to 80 feet long. The perfect addition to your residential dock.

### Benefits

- **Innovative mounting options** save valuable space and install easily
- **Cable TV, telephone and internet connection options** augment power pedestals
- **White, polycarbonate housing** enhances marina appearance

### Recommended boat sizes

**Sailboats**  
Up to 80 feet

**Mixed boats**  
Up to 70 feet

**Power boats**  
Up to 60 feet
