## Powerslide RV Pedestal

### RV connections for multiple environments

The Eaton Powerslide RV Pedestal is a great solution for pull-through spots. Easy to install, easy to use, this RV pedestal can provide recreational vehicles with safe and easy access to electricity, water and communications. Its durable housing also stands up to the elements, rain or shine.

### Benefits

- **Polycarbonate housing** engineered to not rust or fade from the sun
- **Patented design allows pedestal to slide on mounted post**, cutting install time nearly in half
- **ANSI® certified digital metering options** track electric usage

### Standard features

#### General

- Corrosion- and UV-resistant polycarbonate housing
- Standard sandalwood color provides a clean and modern look
- Photocell-controlled, integrated LED lighting
- UL® 231 Listed, weather-resistant receptacles and breakers

#### Optional features

- 125 A 120/240 V service rating
- Optional wireless metering available
- Digital electronic metering available
- Optional water spigots and ports for cable TV, telephone and internet available

#### Versatile design

- Post mount, pad mount, or direct burial mount available
