

# Marina Power and Lighting

## Powerhouse Power Pedestal

## Take charge of your RV park

Provide electric and water for up to two recreational vehicles — and save space and money — with the Eaton Powerhouse Power Pedestal. Our double-sided Powerhouse mounts to a pad, or installs via direct burial. Plus, it can house devices for electric and water metering.

### Benefits

- **Double-sided design** services up to two RVs, saving space and money
- **Digital electronic metering options** track electric and water usage
- **Hinge-less base** enables easy installation and maintenance
- **Removable head** for winterization or hurricane preparedness

### Standard features

#### General

- White, heavy-resin housing with a polyurethane coating
- UV-resistant, long-lasting finish
- Lockable, weatherproof doors and up to two water connections
- Photocell-controlled LED lighting
- UL® Listed for safe power
- Optional cable TV, telephone and internet connection

#### Power configurations

- Standard 50/30/20 A receptacle configuration
- Dual sided configuration available
- Copper stud or aluminum mechanical bus bar, single- or three-phase
- 250 A service rating

#### Versatile design

- Custom-engineered configurations available
- Amber, blue or clear lighting lens options match any RV park aesthetic
