- Issue Kyle Classic Credit certificates for future redemption.
- Apply Kyle Classic credits directly to pending sales order:

PO# _____

Eaton's Cooper Power™ series Kyle® Classic credits are applied directly toward a pending sales order or a credit certificate can be issued for future usage. Kyle Classic program regulations limit credit for eligible products to orders dated July 1, 2009, or later; Kyle Classic program discounts cannot be applied to previous orders or be combined with other discounts. All credits must be redeemed prior to order shipment. Orders which have shipped are not eligible for application of Kyle credits. Credit certificates are valid for one year.

Purchase Credit Value

Recloser/control scrap report and credit request instructions

Type retired column

There are separate sections for reporting Kyle reclosers, controls, and non-Eaton reclosers. Fill out the appropriate section for the equipment retired by entering the type of scrapped equipment submitted for program consideration in the 'Type Retired' column. Refer to the other side of this form for a list of eligible equipment.

Serial number column

Enter the serial number listed on the unit identification nameplate in the 'Serial Number' column.

Requests for Kyle Classic Credits will not be processed without serial number nameplates accompanying this form at time of submission.

Type to purchase column

Enter the type of future equipment purchase to which you intend to apply this credit.
