Manual Call Point

Equipment/Component:

Model:

Description:

CX/CXL

Conventional Manual Call Points for either indoor or outdoor use. The unit consists of glass or plastic operating face when broken or pressed respectively release the spring loaded element. This in turn operates a micro switch and changes a voltage free contact from NO to a NC causing the LED indication to illuminate. There are two variants for CXL. The CXL/GP/R/BB is for indoor applications whilst the CXL/GRP/WP are suitable for outdoor use.

Intended Service:

Ratings:

Comments:

Manual Call Points for fire alarm system for marine and offshore applications

Supply Voltage: 9 to 30 V DC

Switch Type: Single Pole change over PCB mounted micro switch.

Approved in accordance with the requirements for fixed fire detection and fixed alarm system components, item A.1/3.51 of the European Union Marine Equipment Directive 96/98/EC as Amended by Directive (EU) 2015/559.

This certificate will not be valid if the manufacturer makes any changes or modifications to the approved equipment, which have not been notified to, and agreed with the Notified Body named on this certificate.

Comments:

The "Mark of Conformity" may only be affixed to the above equipment and a Manufacturer's Declaration of Conformity issued when the production-control phase module (D, E or F) of Annex B of the Directive is fully complied with and controlled by a written agreement with a Notified Body.
