

Eaton Café-style End of Row Doors

End of row doors create more efficient aisle containment by blocking an obvious air escape route and opportunity for air re-circulation and air mixing. This allows you to set a higher overall temperature within the data center thus saving energy and extending hardware life.

Features and benefits:

- Crash through doors for ease of access in and out of aisle
- Fully transparent, impact resistant UL94, V-0 windows
- Height options: 90" H and 96" H
- Ease of installation reduces downtime and disruption in the data center
- Ceiling mount provisions for threaded rod install if required
- Doors hold open at 90-degrees
- Optional stainless steel crash plates

Specifications:

- Door material: sheet steel
- Window insert material: fully transparent, UL 94 V-0 flame rated polycarbonate
- Color options: Black, NuGrey and Eaton White

Café-style End of Row Doors with Eaton's Paramount Enclosures and Horizontal Ceiling Containment.
