

12 inch wide lacing bar

Complete power and cable management solution for high density applications

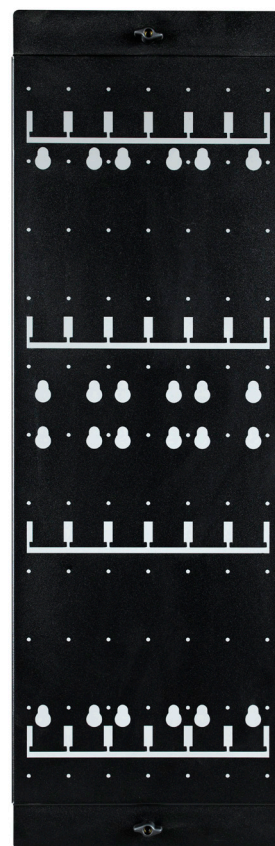

12 inch wide lacing bars feature tool-less mounting for up to four power strips. The unit also serves as a cable manager with the ability to manage multiple cable bundles from networking equipment. Cables can be restrained using Velcro® buckle straps (not included) or standard Velcro straps (not included). The lacing bars are designed for the 40U, 44U and 51U height enclosures. The product consists of two halves and can move independently. Each half is secured to the uni-channel using a carriage bolt and Kep nut.

Features and benefits

- The ability to mount up to four, side-by-side power strips
- Top and bottom half can move independently
- Cabling can be secured using Velcro buckle straps or Velcro straps
- Great for managing large cable bundles

Powering Business Worldwide

LACING BAR SOLUTIONS

Part #	RU	Height	Width	Depth	Quantity
JLB4012	40U	33"	12"	1"	2
JLB4412	44U	33"	12"	1"	2
JLB5112	51U	33"	12"	1"	2

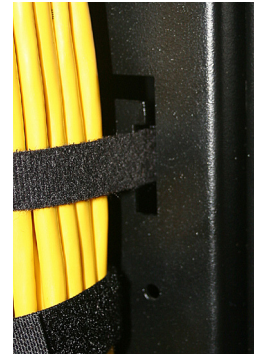

The lacing bar can hold up to four power strips using the tool-less button hole pattern.

Easily manage large cable bundles without violating the EIA 19" standard.

Velcro Buckle Straps can be used to secure cables by using self-tapping screws in the small round holes.

Velcro Straps can be used to secure cables using the cut-out pattern.
