

Productivity IQ >>

Work smarter, not harder.

TOLCO Fire protection products, services and tools that can help impact your bottom line.

At Eaton, we work with our customers to understand their day-to-day challenges so that we can deliver innovative B-Line series products, services and tools that help customers minimize complexity, increase efficiency, and maximize their profit.

This Productivity IQ™ flyer has just a few products, services and tools. To view all of the B-Line series products, services and tools that help increase productivity, go to Eaton.com/Productivity-IQ.

Product examples

- TOLCO Fig. 22L2 supports both CPVC and IPS piping and is UL listed to support fire sprinkler piping. It allows for an easy, one-fastener attachment, while supporting pipes either vertically or horizontally on walls or ceilings. Innovative design can be installed close to CPVP fitting without applying damaging compression forces.
- TOLCO Fig. 77 & Fig. 76 system attachment of a Branch Line Restraint (BLR) assembly meets the requirements of NFPA 13 for sway bracing of fire sprinkler systems
- TOLCO Fig. 3000 supports both CPVC and IPS piping, and is UL listed as a sway brace for CPVC pipe. The support has no compression of the pipe, and no contact of the brace pipe and plastic.

Product features can cut your on-site work in half

- Visual verification helps reduce inspection time and liability on the contractor
- Primary manufacturing location in Reno, NV helps improve product availability and reduce lead time
- Adjustable features allow for varying lengths of brace pipe, eliminating additional field cuts

Engineering services before, during and after the sale

- Technical drawings and submittal packages
- Seismic approvals and inspections

Self-help tools are just a click away

- TolBrace software is easy to use to help provide calculations for your Fire Protection application requirements. Eaton.com/TOLBrace
- Download drawings in the format you need with CoSpec specifier center
- Autodesk Fabrication cad MEP files for B-Line series pipe hangers
- White paper resources
- Learn how to use and install multiple products with B-Line series videos Eaton.com/Productivity-IQ-vlog
