

4Dimension Strut

Buzznut

Pre-assembled Fittings

Productivity IQ >>

Work smarter, not harder.

Mechanical products, services and tools that can help impact your bottom line.

At Eaton, we work with our customers to understand their day-to-day challenges so that we can deliver innovative B-Line series products, services and tools that help customers minimize complexity, increase efficiency, and maximize their profit.

This Productivity IQ™ flyer has just a few products, services and tools. To view all of the B-Line series products, services and tools that help increase productivity, go to Eaton.com/Productivity-IQ.

Innovative time, space and material saving products

- Save up to 50% on materials and installation time with the 4Dimension strut system. Eaton.com/4Dimension
- Reduce on-site material handling with Buzznut slip on lock nut washer. Eaton.com/Buzznut
- Fewer parts to handle and easy to adjust pre-assembled fittings. Eaton.com/PA-fittings
- Fast, easy installation with enhanced Snap 'N Shield pipe support solution for insulation protection. Eaton.com/snap-n-shield

Product services can cut your on-site work in half

- Cut-to-length strut with factory finished edging delivered to your site ready to install.
- Pre-assembled components and kitting helps eliminate installation errors and waste.

Engineering services before, during and after the sale

- Take-off services help streamline your drawings and BOM before the sale
- Technical drawings and submittal packages
- Seismic approvals and inspections

Self-help tools are just a click away

- Download drawings in the format you need with CoSpec specifier center.
- Autodesk Fabrication cad MEP files for B-Line series pipe hangers
- Calculate your time and cost savings on multiple products with B-Line series savings calculators
- Learn how to use and install multiple products with B-Line series videos Eaton.com/Productivity-IQ-vlog
