

# Use a Fuller® Master Rebuilder Kit and get more parts for your money.

Save big when compared to buying the components separately.

The Master Rebuilder Kits are the most comprehensive kit available today. The kits include genuine Fuller parts – those most commonly used when rebuilding a transmission. No other transmission parts provider currently offers a single kit that includes selected gears, shift forks, bearings, washers, air system parts and many other parts designed to completely overhaul a transmission.

There are many Master Rebuilder Kits available to cover various Fuller transmission models (see back page for more details). Eaton will direct ship these kits at no additional charge.

#### The Master Rebuilder Kits feature:

- One year warranty from date of retail sale
- Genuine Fuller patented parts
- Customized packaging to protect gears and prevent damage during shipment
- Roadranger support line 24 hours a day/7 days a week at 800-826-HELP (4357)
