Eaton's NEW PREMERA and COPA 2 gang switched socket with 2 USB ports

With the increasing use of mobile portable devices and the need to keep them powered and active, Eaton's new integrated USB outlet combined within a standard 2 gang switch socket is the ideal solution to offer a convenient charging facility.

The socket can be substituted for an existing outlet and is also ideal for fitment in new residential or commercial installations. The twin shuttered USB outlets ensure no ingress of foreign bodies whilst offering dual charging capability with a powerful 2.6A output.

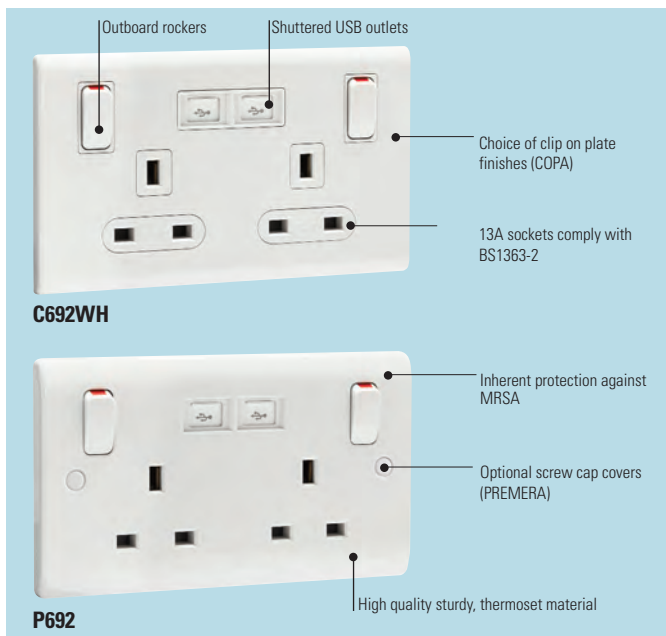

Main features

- 2.6A output split over two USB sockets
- Shuttered USB outlets to stop the ingress of foreign bodies
- Complies to the latest standards for USB sockets BS EN 62368-1:2014
- Complies with EMC standards EN55022, EN55024, EN61000-3-2/3
- SELV safety isolation between input and output
- Powerful output to charge latest tablets, mobile phones etc.
- 2 gang socket outlet with outboard rockers
- 13A sockets comply with BS1363-2
- PREMERA white moulded version will fit 25mm back box

Range finishes available:

- PREMERA white moulded
- 8 luxury COPA clip on plate finish options
- Available with black or white interiors
