

Eaton's Arrow Hart
Commercial buildings line card

Resilient, safe, efficient

Wiring devices built for today's buildings

Build better buildings

Today's commercial buildings must be energy efficient, intelligent and provide a safe, productive and inviting environment. Eaton's Arrow Hart commercial specification grade wiring devices are designed with unique features that can help reduce installation time, provide reliable performance and save energy. Our product portfolio includes commercial grade switches and receptacles; plugs and connectors; and lighting controls, all engineered to the highest standards.
