Home automation hub

Connected Home Solutions

EATON

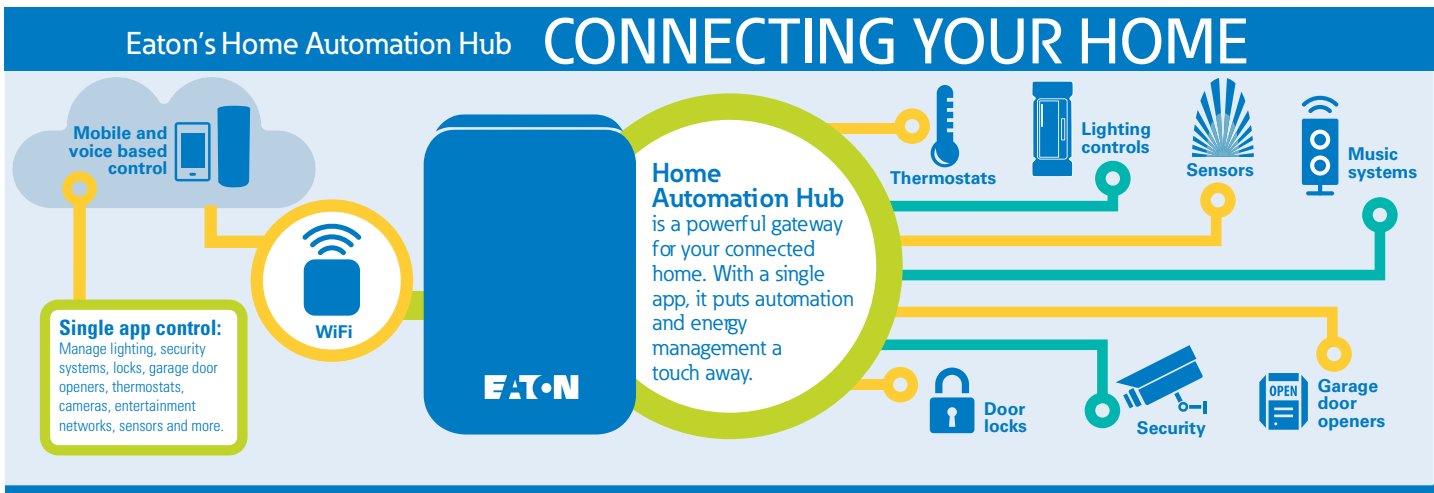

Powering Business Worldwide

Eaton's home automation hub is a powerful gateway for your connected home. With a single app, it puts automation and energy management a touch away.

Eaton's home automation hub provides homeowners, builders and electrical contractors with a single, smart home solution for integrated automation and energy management.

-  **Single app control:** Manage lighting, security systems, locks, garage door openers, thermostats, cameras, entertainment networks, sensors and more.
-  **Security enabled:** Integrate with popular security systems to simplify control.
-  **Simplified installation:** Install the hub and Z-Wave based products with ad-hoc wifi capability and mobile app.
-  **User interface:** The intuitive mobile app works across different eco-systems and supports voice control.
-  **Remote access:** Allow users to access the system and connected devices away from home.

Home automation hub

Product description

120V/AC/c.a/CA;
50/60Hz power supply

Design features

- Simple and quick installation
- App based local and remote control of hub and all devices connected to it
- AP/Ad-hoc WiFi mode for installation without an active internet connection
- Can be mounted on the wall or placed on a flat surface
- Powered by micro USB or Power over Ethernet (PoE). PoE injector sold separately
- Built-in WiFi and Z-Wave radios for connecting wide variety of devices
- Automatic over the air software updates to ensure the device is always up to date
- Support for configurable scenes, schedules and notifications (text and email)
- Auto discovery and simple setup of popular smart home products including lighting controls, thermostats, garage door openers, door locks, sensors and more
- Works with Eaton Home App (available for IOS and Android devices)
- Works with Amazon Alexa for voice based control

We make what matters work.*

* At Eaton, we believe that power is a fundamental part of just about everything people do. Technology, transportation, energy and infrastructure-these are things the world relies on every day. That's why Eaton is dedicated to helping our customers find new ways to manage electrical, hydraulic and mechanical power more efficiently, safely and sustainably. To improve people's lives, the communities where we live and work, and the planet our future generations depend upon. Because that's what really matters. And we're here to make sure it works.
