Appendix A – Capability List – Titchfield..... 5

1. Purpose

The purpose of this document is to detail the components on which the company, at the addresses detailed on the title page of this document, has capability to perform repair and overhaul activities for the MoD

Components itemised in this list are complete assemblies, however, the individual piece parts and sub-assemblies of these are also considered to be covered by the entry in the list of the complete assembly.

2. Related Documents

CS-171 Customer Support Repairs
BM-F-004-1 Capability List Amendment Form

3. Responsibilities

3.1 Quality Manager

The Quality Manager is responsible for the following:

- Ensuring that this document is maintained in accordance with the requirements specified by the MoD.
- Incorporation of all amendments to this document.
- Verification of the company's capability to Repair/Overhaul a component prior to submission for additional capability.

3.2 Plant Manager Aftermarket

The Plant Manager After Market is responsible for the following:

- Ensuring that the company maintains the capability for all the components detailed in the Capability List.
- Identifying to the Quality Manager any required changes to the Capability List.
- Initial verification of the company's capability to Repair/Overhaul a component prior to submission for additional capability.

4. DOCUMENT MAINTENANCE

4.1 Requirements for additions

The company will not undertake the Repair or Overhaul of any component unless that component is detailed in the Capability List or a form BM-F-004-1 has been submitted and accepted

Prior to verification and acceptance of an addition to BM-007 the company will ensure that the following are available:

- Relevant technical data, such as Overhaul Manuals etc., issued through the appropriate control systems.

- Sufficient qualified personnel capable of performing the maintenance activities on the subject components.
- All the tools, materials and test equipment as required by the relevant technical data.
- Suitable facilities, eg benches, plant and machinery, etc.

4.2 Incorporation of amendment

A monthly review of the Capability list will be conducted by the Quality Department with the aim of a formal reissue six monthly or more frequently if the need arises.

All amendments to BM-007 Capability List will be incorporated at the 6 monthly review and sent to the MOD for acceptance.
